ONLYOFFICE Docs: Secure document collaboration within open-source environments

Speaker: Mikhail Korotaev

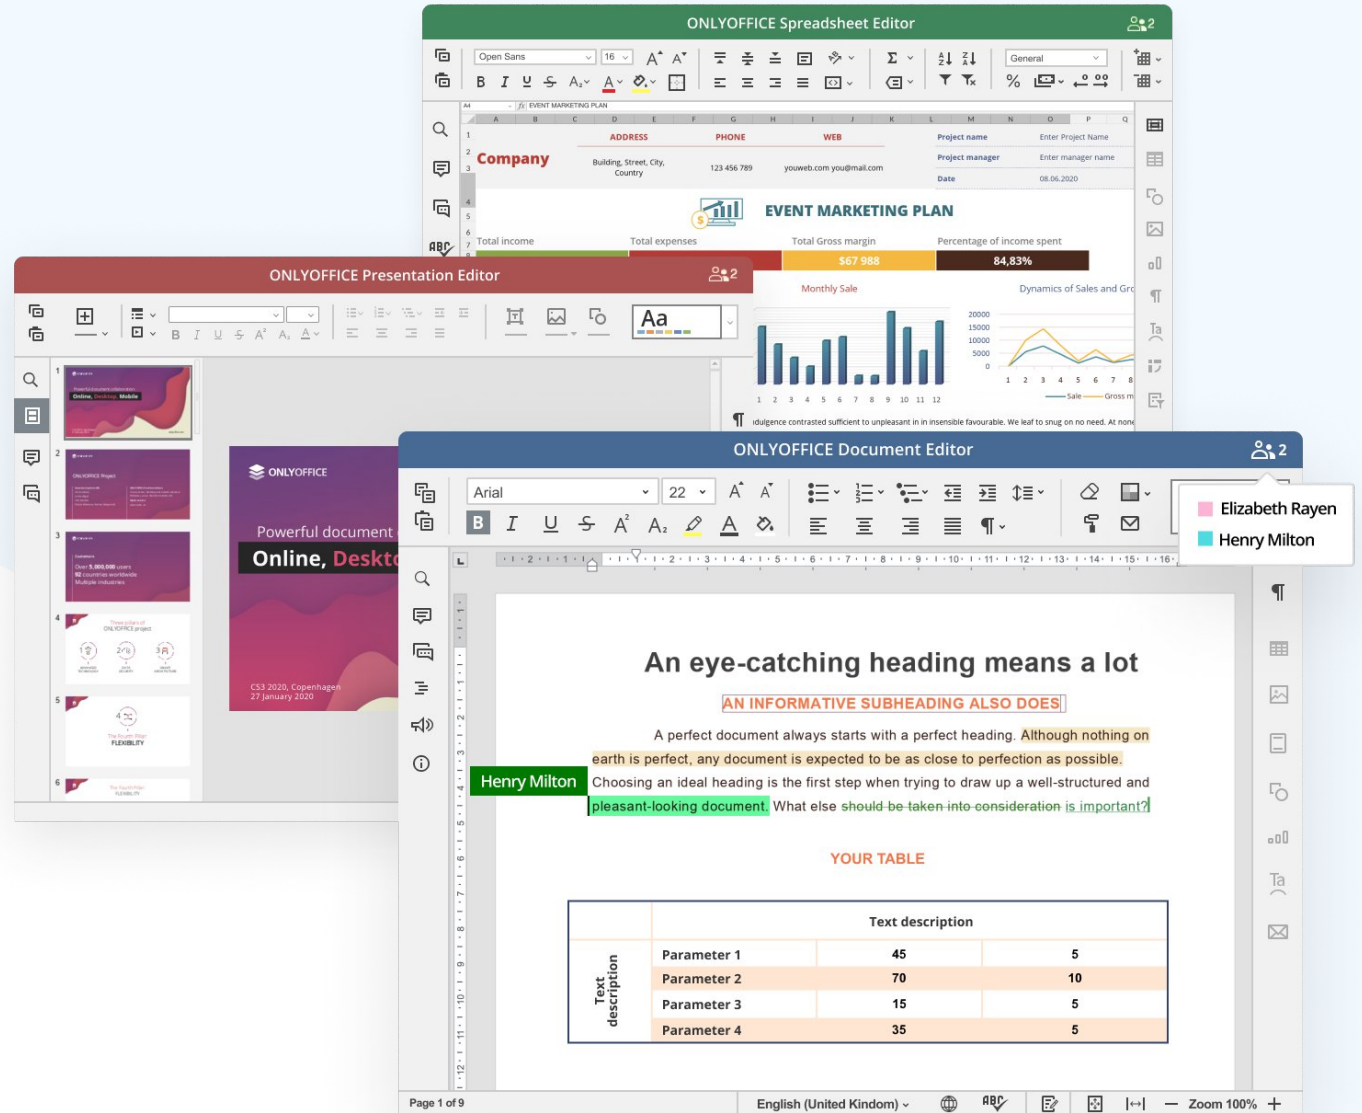

Senior Communications Manager

Why open source in office tools is important

- ◆ Accessibility
- ◆ Security and transparency >>> Compliance
- ◆ End to vendor lock-in
- ◆ Innovation without borders
- ◆ Instruments created for definite needs by definite minds

Editors for text documents, spreadsheets, presentations

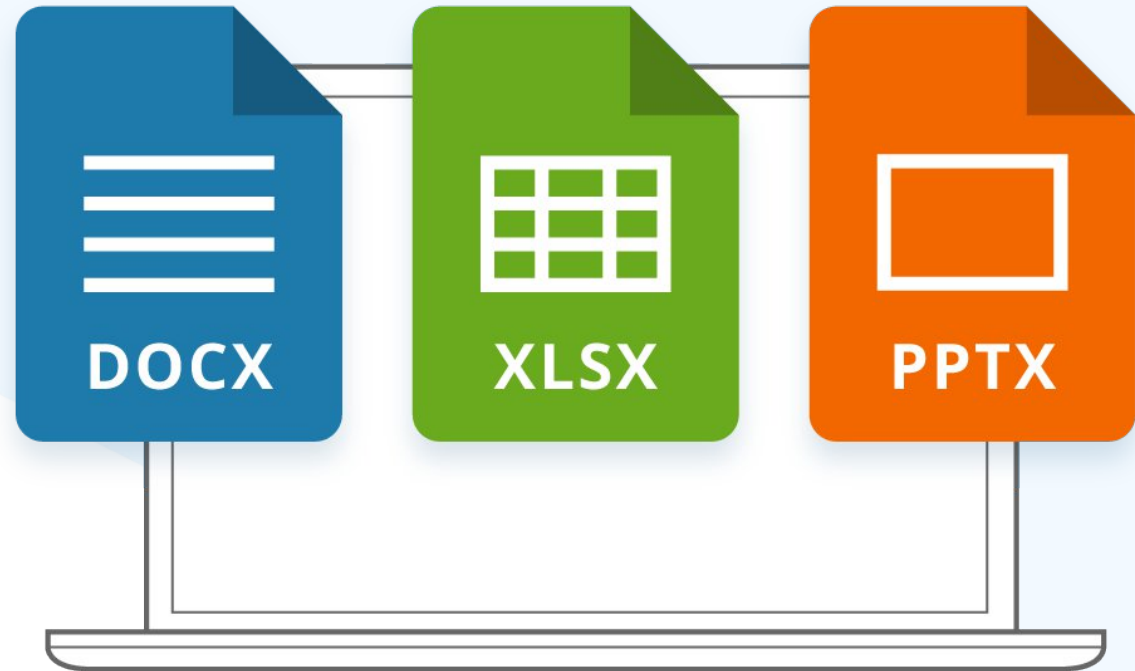

The image displays three overlapping windows of the ONLYOFFICE suite:

- ONLYOFFICE Spreadsheet Editor:** Shows a spreadsheet titled "EVENT MARKETING PLAN" with columns for ADDRESS, PHONE, and WEB. It includes a summary table with values like \$67,988 and 84.83%, and a bar chart for "Monthly Sale".
- ONLYOFFICE Presentation Editor:** Shows a presentation slide titled "Powerful document Online, Desktop". The slide content includes "CS3 2020, Copenhagen 27 January 2020" and "The Quality of FLEXIBILITY".
- ONLYOFFICE Document Editor:** Shows a text document with the heading "An eye-catching heading means a lot" and a subheading "AN INFORMATIVE SUBHEADING ALSO DOES". The text discusses document structure and includes a table titled "YOUR TABLE".

The Document Editor window also shows a user list with Elizabeth Rayen and Henry Milton, and a status bar at the bottom indicating "Page 1 of 9" and "English (United Kingdom)".

OOXML as a core format

Node.js for server-side code

JavaScript SDK for client-side interaction

```
1  const express = require('express');
2  const path = require('path');
3  const app = express();
4
5  app.use(express.static('files'));
6  app.get('/', (req, res) => {
7    res.sendFile(path.join(__dirname + '/index.html'))
8  });
9  app.listen(3000, () => console.log(`Example app listening on port ${port}!`));

An eye-catching heading means a lot

AN INFORMATIVE SUBHEADING ALSO DOES

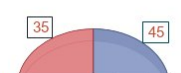

A perfect document always starts with a perfect heading. Although nothing on earth is perfect, any document is expected to be as close to perfection as possible. Choosing an ideal heading is the first step when trying to draw up a well-structured and pleasant-looking document. What else should be taken into consideration is important?
